Validate Your Inventor

The Validate Your Inventor program from Autodesk allows Inventor users on subscription to download an extended free trial of Algor Simulation software. This free trial lasts until October 14, 2011. In order to qualify, you must be current on subscription and using one of the below versions of Inventor software:

- AutoCAD Inventor LT Suite
- AutoCAD Inventor LT
- AutoCAD Inventor
- AutoCAD Inventor Suite
- AutoCAD Inventor Professional Suite
- AutoCAD Inventor Simulation Suite
- AutoCAD Inventor Tooling Suite
- AutoCAD Inventor Routed Systems Suite

Take advantage of this special offer today. Access the free trial via Subscription Center or at autodesk.com/validateyourinventor.

You can upgrade your trial to FULL Algor MES for \$2995 if you make your move before 1/31/2011. [Contact us](#) today for details.

December AMUG Meetings

On Thursday December 9th, D3's offices in Springfield, Tulsa, Oklahoma City, St. Louis, Kansas City, Wichita and Little Rock held our quarterly meeting of the Autodesk Manufacturing User Group (AMUG). AMUG groups exist to educate and build community, as well as to provide a shared networking experience among local manufacturers.

Special Offers

**It's Official:
We've Gone
Social!**

This meeting, our focus was on Autodesk Certification exams. We had an excellent turnout in each office for the preparation and exam, as well as the AMUG meetings. You can see photos from the meetings on our [Flickr](#) page.

Join your local AMUG members at the next AMUG meeting on March 10th, 2011!

D3's New Products

D3 has recently begun carrying new products to help its manufacturing customers with their workflow and shorten the time it takes to get their products to market.

- pInvention Machine Goldfire is the innovation software that validates ideas faster. [Click here](#) for more information on Invention Machine, and to learn even more, join us for a webinar titled **How can CAI Drive Your Business?** on **March 1st, 2011** at **11:00am** CST. [Register Here.](#)
- Z Corporation Printers allow for rapid prototyping because they print 3D models in hours, not days. See some [examples & more info](#) here.
- Graitec Advance Steel works with AutoCAD to automate the entire structural CAD process. [Click Here](#) to find out more about Advance Steel.

time on validation, or if you need to make impressive presentations to win clients, check out the new **Design Suite** from Autodesk. This powerful software combines AutoCAD, 3DS Max Design, Autodesk Showcase and Autodesk Alias Sketch for much less than it would cost to buy the products individually. [Contact](#) your D3 representative today to learn more.

Create compelling 3D visual layouts of machine lines and entire manufacturing facilities with Autodesk's new **Factory Design Suite**. You can create or import your 2D layouts, drop 3D factory content over the top, try different "what-if" scenarios and build 3D layout proposals all in one suite. [Click Here](#) to contact us at D3 to learn more.

Autodesk Plant Design Suites are comprehensive plant design and engineering solutions made for faster time-to-productivity and better project coordination. Use the Plant Design Suites to streamline your 2D drafting, P&ID design, 3D modeling and construction document generation. Want to know more? Call or contact a D3 representative via our [website](#).

AutoCAD for Mac: Finally, Mac and AutoCAD together. This is a version of AutoCAD specifically designed to work natively on Macintosh hardware. **AutoCAD for Mac** is gaining industry buzz for its intuitive features and ease of use. [Contact](#) your D3 representative today for more information on the software or the free trial from Autodesk.

 Subscription Advantage Packs

If you're on subscription, you can download your free **Advantage Pack** today. Depending on whether you're on AutoCAD, Inventor, or other products, your Subscription Advantage pack may include additional product features, integrated web services, or more robust design content. You can download your Advantage Pack via the [Subscription Center](#), or from inside your 2011 software, in the Info Center Toolbar. [Click Here](#) for a tutorial on how to download free Subscription Advantage Packs.
